

PAC Gateway for Housing Central™

The PAC Gateway provides secure communication to our Housing Central portal and enables dedicated connection for Comelit-PAC Access Control systems or Door Entry solutions.

With near real-time reporting of on-site events, it also offers seamless support for either **PAC** on-site Access Control (500 series IP Door Controllers) or **GDX Next** Door Entry to Housing Central.

Deployment options:

- With existing customer internet connection.
- Or connectivity to Housing Central via 4G Modem.
- Secure connection provided for:
 - As a PAC configured gateway.
 - As a GDX Next configured gateway.

Part Number(s)	PGWDIN Management: PAC Gateway with DIN mount. PGWMPL Management: PAC Gateway with mounting plate. PGWKIT Management: PAC & GDX Next Gateway with 4G Modem (no enclosure).
Power Input	12VDC @ 3A, 36W
Network Features	2 × Ethernet RJ45 1000Mbps capable
Visual Indicators	2 × status LEDs 1 × Power LED
Security	Secure authenticated connection with Housing Central cloud
Dimensions	112 (w) × 25 (h) × 84 (d) mm
Weight	450 g
Enclosure Material	Aluminium housing
Operating Temperature	0°C to +60°C / 32°F to 140°F
Relative Humidity	10% to 90% Relative Humidity
Warranty	3 years against electronic failure (from manufacturer)
Standards Compliance	See manufacturer website https://www.compulab.com/
Country of Origin	Assembled in UK
